

**SEVEN SISTERS**  
SOUTH AFRICAN WINE

## MOSCATO PERLÉ

Our Muscat d'Alexandrie is rooted in the Paarl region which falls within the inland winter rainfall area. Hot summers, moderated by cool Atlantic breezes. The bush vines are irrigated on mainly dry land. The wine is filtered and stored in stainless steel tanks.

### Tasting Notes

Light golden in colour with a delicate cascade of bubbles. A surprising perfume-like fragrance and hints of Muscat aromas. A light-bodied wine with a sparkling, spritzy character and dazzling fruit-forward palate with honeysuckle, green grapes, citrus tones and ripe peach nuances.

Serve chilled with apple dessert, fresh berries or a summer salad.
